

THE BRIGHT FUTURE FOUNDATION

DREAM EDUCATION CENTRE

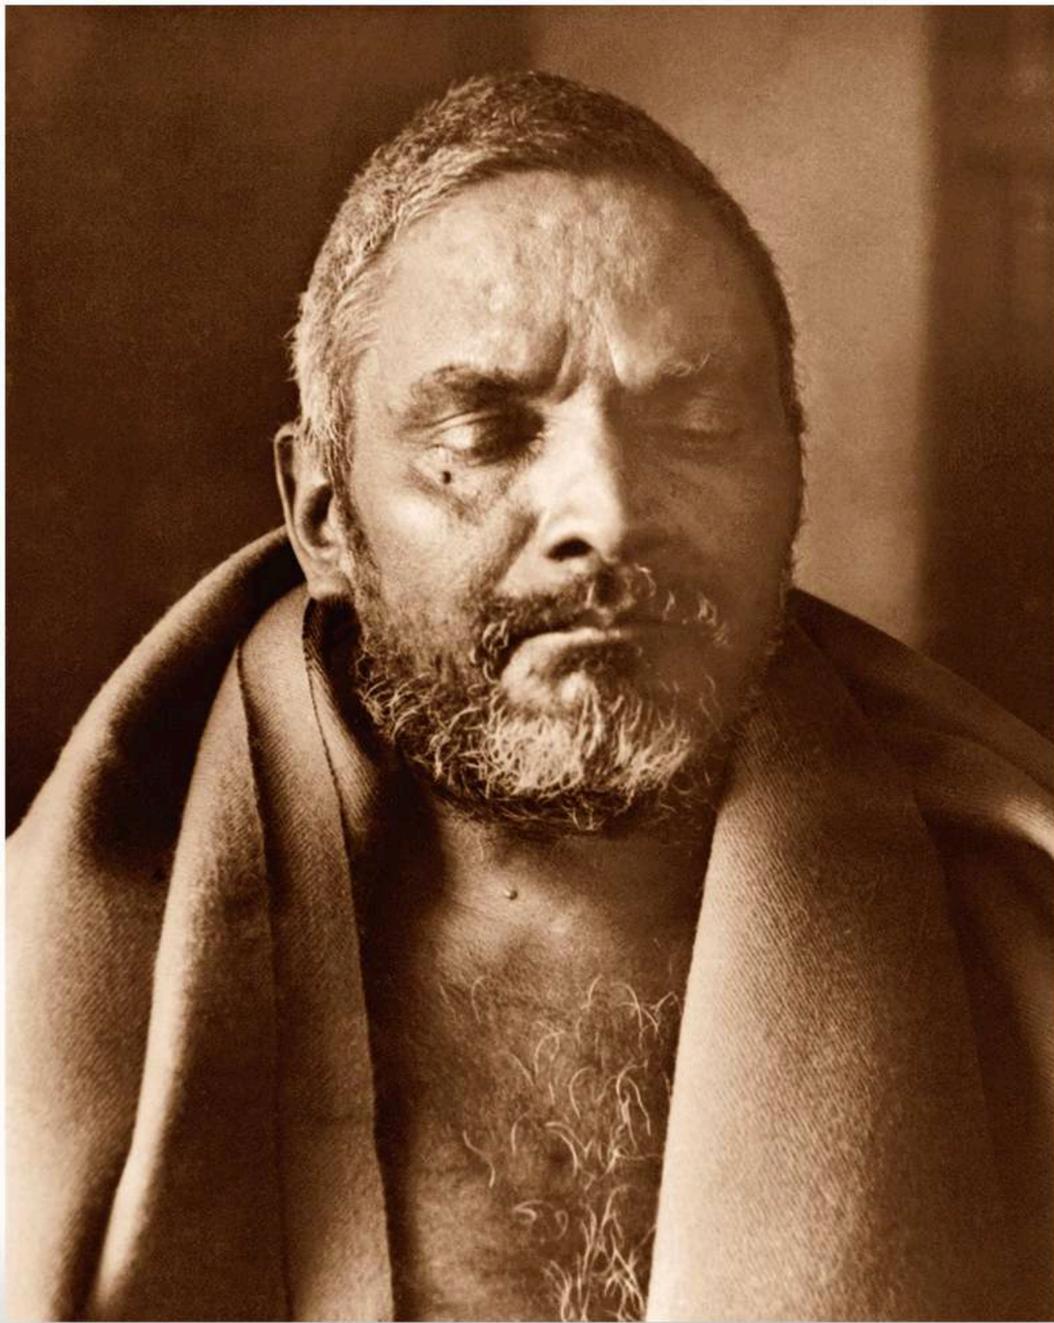

Where dreams come true

A JOURNEY OF HOPE, HELP
AND HIGHER LEARNING

DREAM EDUCATION CENTRE

ड्रीम एज्युकेशन सेंटर

Shri. Nityanand Swami

You have the power to help! No amount is too small to give.

DREAM EDUCATION CENTRE

**Everybody has the right to be privileged,
we provide just the way!**

Dream education does not treat education like an obligatory system or a way to earn money, they treat it as a living journey. A journey shaped by listening to what students need, building safe inclusive spaces and making learning joyful and useful

There are two educations, one that teaches us how to make a living, and the other, how to live!

- John Adams

How it all began!

In the peaceful village of Ganeshpuri, a movement rooted in love, learning, and upliftment began quietly but powerfully. Dream Education Centre, founded in 2014 by Mr. Gul Hinduja, a follower of Baba Nityanand, started with a vision to educate and empower the underprivileged children of the area.

When Mr. Hinduja looked around, he saw a community full of potential but trapped in poverty. Children had to work before and after school to support their families and some were so underprivileged, they did not even have the privilege to study or even go to school. Education was available in municipal schools, but it was not enough, not to every student. These students needed more than just textbooks. They needed skills, guidance, and space to dream big.

With that mission, Dream Education Centre was set up to add a touch to what was being taught at school. It offered students a chance to learn things like:

- English speaking
- Computer literacy
- Personality development
- Dance, art, craft, and more

All while focusing on building real-life skills along with making them inexplicably intelligent and ready to face the cruel world that Mr. Hinduja decided to make a change in.

A JOURNEY THAT BEGAN FROM
JUST ONE CENTRE AND EXPANED
TO MANY

What began as one centre in Vasai soon expanded.

Today, Dream Education is active and making changes in over 5 municipal schools in Ganeshpuri as follows:

- 1. Ganeshpuri Z.P. School*
- 2. Kanyavidyalay Girls School*
- 3. Nimboli Z.P School*
- 4. Z.P Digital School*
- 5. Bhilwadi School*

They have made the following changes and provided schools with the following amenities.

- **Provided academic trainers, language coaches, arts & crafts teachers, and dance instructors**
- **Donated computers to create modern computer labs and to not miss out on anything.**
- **Offered semi-professional skills like tailoring and beautician courses to make sure that the students can themselves have the privilege to create a future for their own needs in the future rather than nothing.**

From classrooms to community

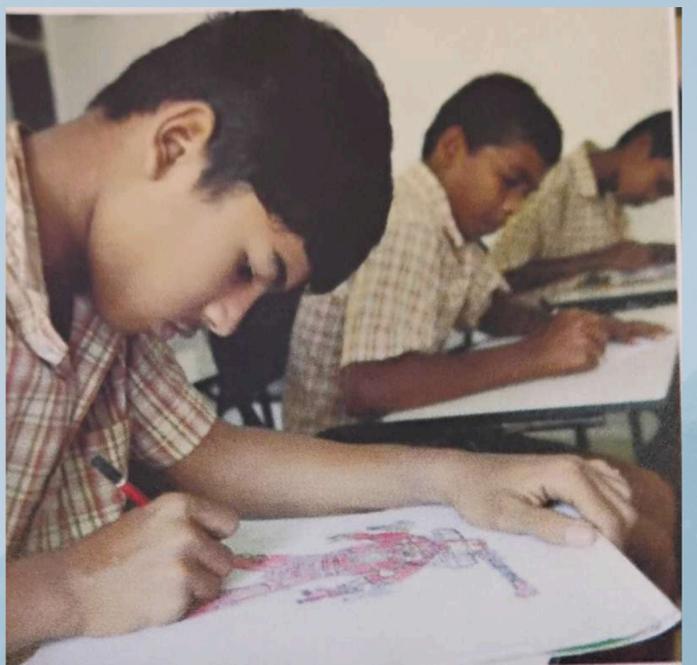

Our aim is to help students contribute to their homes so that even their families could live a normal life like any other family existing in the urban areas while still holding on to their dreams.

Dream Education did not just stay within walls and classrooms and just taught book-ish knowledge but, they stepped out into the communities to organize:

- √ Interactive workshops
- √ Mental health talks
- √ Mentorship and scholarship guidance
- √ Creative art activities for children

Many such heartwarming moment were captured when kids got a chance to freely express themselves through painting and different things which also created comfortness for them to trust us.

The walls and dreams were lit up with smiles as children painted their imagination, some drew schools, some superheroes, some their own families!

What's Next?

Dream Education is not stopping here. The journey ahead is focused on:

- **Expanding to more rural schools across Maharashtra**
- **Introducing new-age skill training like AI basics, and digital arts as well as apps to track their progress and to provide lessons on the learning**
 - **Partnering with volunteers, trainers, and organizations to grow faster**
- **Hosting inter-school cultural and talent events**
- **Creating a sustainable way to help students find real jobs or income avenues**

**Every new step is driven by one goal
To turn potential into progress.**

Let's Build More Than Just Classrooms

At Dream Education, we are not just teaching - we are nurturing confidence, curiosity, and courage.

Each school we step into, each child we meet, reminds us that education is more than books, it is about building lives.

We invite businesses, individuals, and change-makers to become part of this journey.

Your support helps us provide anything you can or wish to to build :

- Better infrastructure
- Meaningful activities
- Skilled training

And most importantly, hope

> Let's build futures together, one child, one village, one dream at a time.

Reach out. Join in. Be the reason someone never gives up.
